Bungee loop cap
Fabric
Bungee loop body
Cord stopper
Cord

Insert both cord stoppers into cavities.

Insert the "cap" through the hole of the fabric to the central cavity in the "body" & fit together.
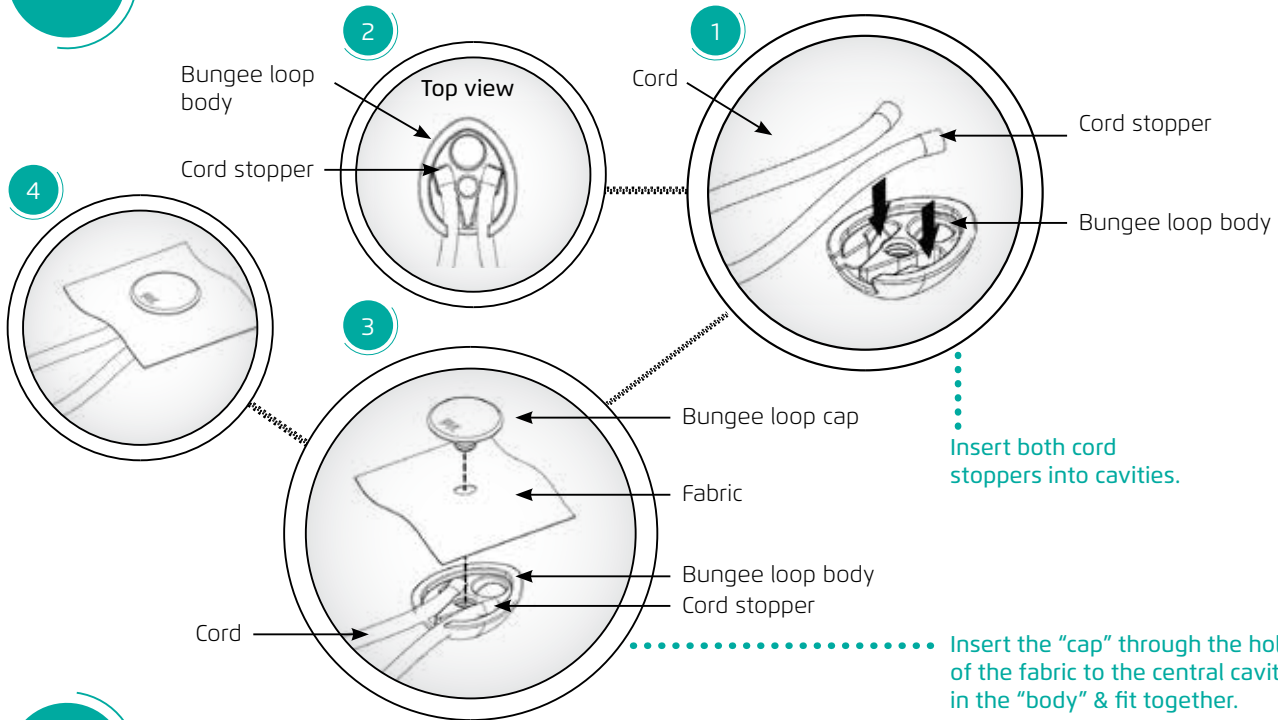

B → How is the bungee-loop connected to the knob?

A   B

Start from the top with the natural curve of the cord (A) until the "body" (B).
Add 2 cm and multiply by 2 = the "length size"
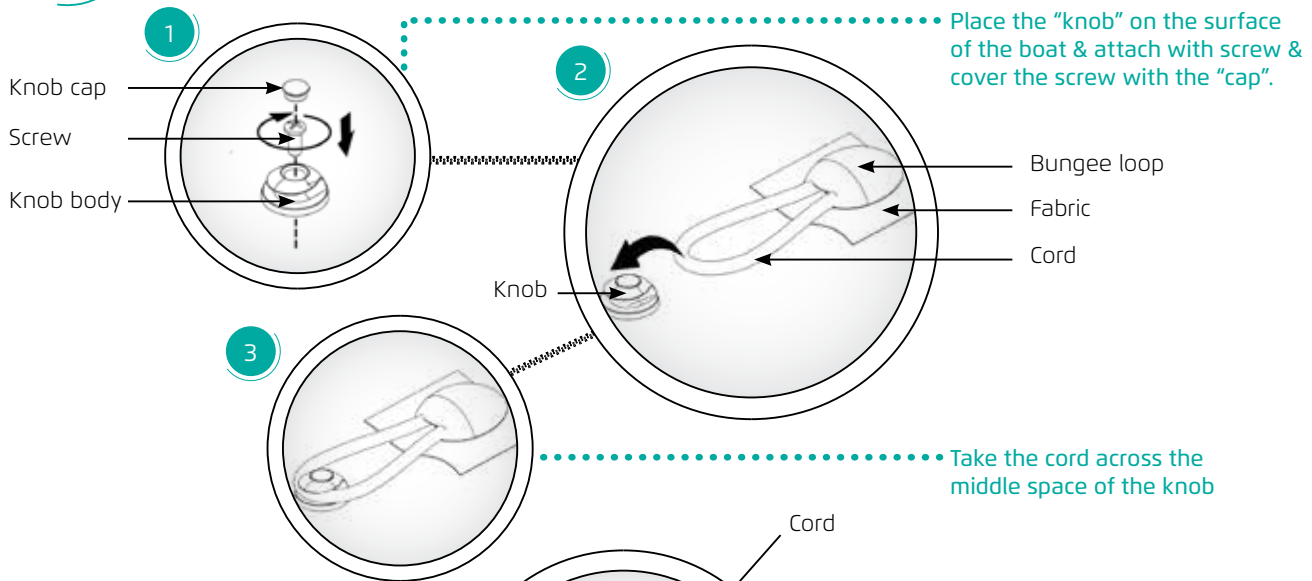

C → How to measure the length?
